

## **Mahon Dispatch 10.24.07 #15 a - OKC Team / Large Group Ministries**

Dear Prayer Warriors,

The OKC has come and gone but their impact continues on here in Kenya.

In the next few days I thought I would send along to you a collage of pictures as an overview of their ministry.

This series emphasizes their "Large Group" impact the ones that follow will depict their Small Group and One on One ministry.

Pictures Below

#1 Every Sunday the teams were in various churches speaking and giving their testimonies. Here Dr. Webb gives a clear proclamation of the gospel through his personal testimony. Before their week was over some 21 churches covering 11 denominations were ministered to in one form or another. The commitment of GCI to the local church and to the equipping of pastors is uncompromising and I praise God for these men who labored so selflessly in the various churches throughout greater Nairobi.

#2 Worship One of the special blessings this team brought with them was their musical talent. Whether in homes, in churches, in open air preaching or in a conference setting they would lead the Kenyans in worship and praise of God.

#3 Seminars - Each team member was to bring his talks prepared at three levels, Large Group; Small Group and One on One. This required a great deal of work and flexibility. God was faithful through and honored the long hours of preparations. These men stood before large groups of their contemporaries giving a bold and concise presentation of topics ranging from Scripture Memory, to Daily Quiet Times, to Christian Work Ethic, to Godly Marriage, to Personal Evangelism, to Purity and the list goes on...

#4 Another setting for the team to minister was in student and college conferences. This was one of the highlights for the team as there is always a special zeal and excitement when high school or university students gather to hear God's holy, eternal, inerrant, written Word taught.

#5 Open Air - I was proud of the flexibility of this team as they often found themselves ministering in the open air setting. No sound system, no AC, no podium, no audio visuals, but instead the power of the Holy Spirit, the authority of the Word of God and an eager and attentive audience. I think this was an important lesson for the team. When it comes right down to it the only two tools you need for the ministry are the Word of God and a willing vessel who will place himself in the capable hands of God the Holy Spirit.

Please continue to prayer for the impact of the Word of God in the lives of the Kenyans.

For now, as always, we minister by the grace of God and by the faithful prayers of you our prayer warriors.

By His mercy,

II Corinthians 4:1

Rev. John S. Mahon

Nairobi, Kenya - Continuing to labor in the harvest fields of the world
